

I go to Eurobank

Eurobank is located  
in many places across Greece.

Eurobank is also located  
on 103 Kountouriotou Street in Rethymno, Crete.

People go to the bank  
when they have business involving money.

They go to the bank to pay electricity,  
telephone, water bills etc.

They go there to get a credit card  
or open a bank account.

I can also go to the bank.

There is a reception there.

Customers go to the reception.  
They say what they need.

Business Corner

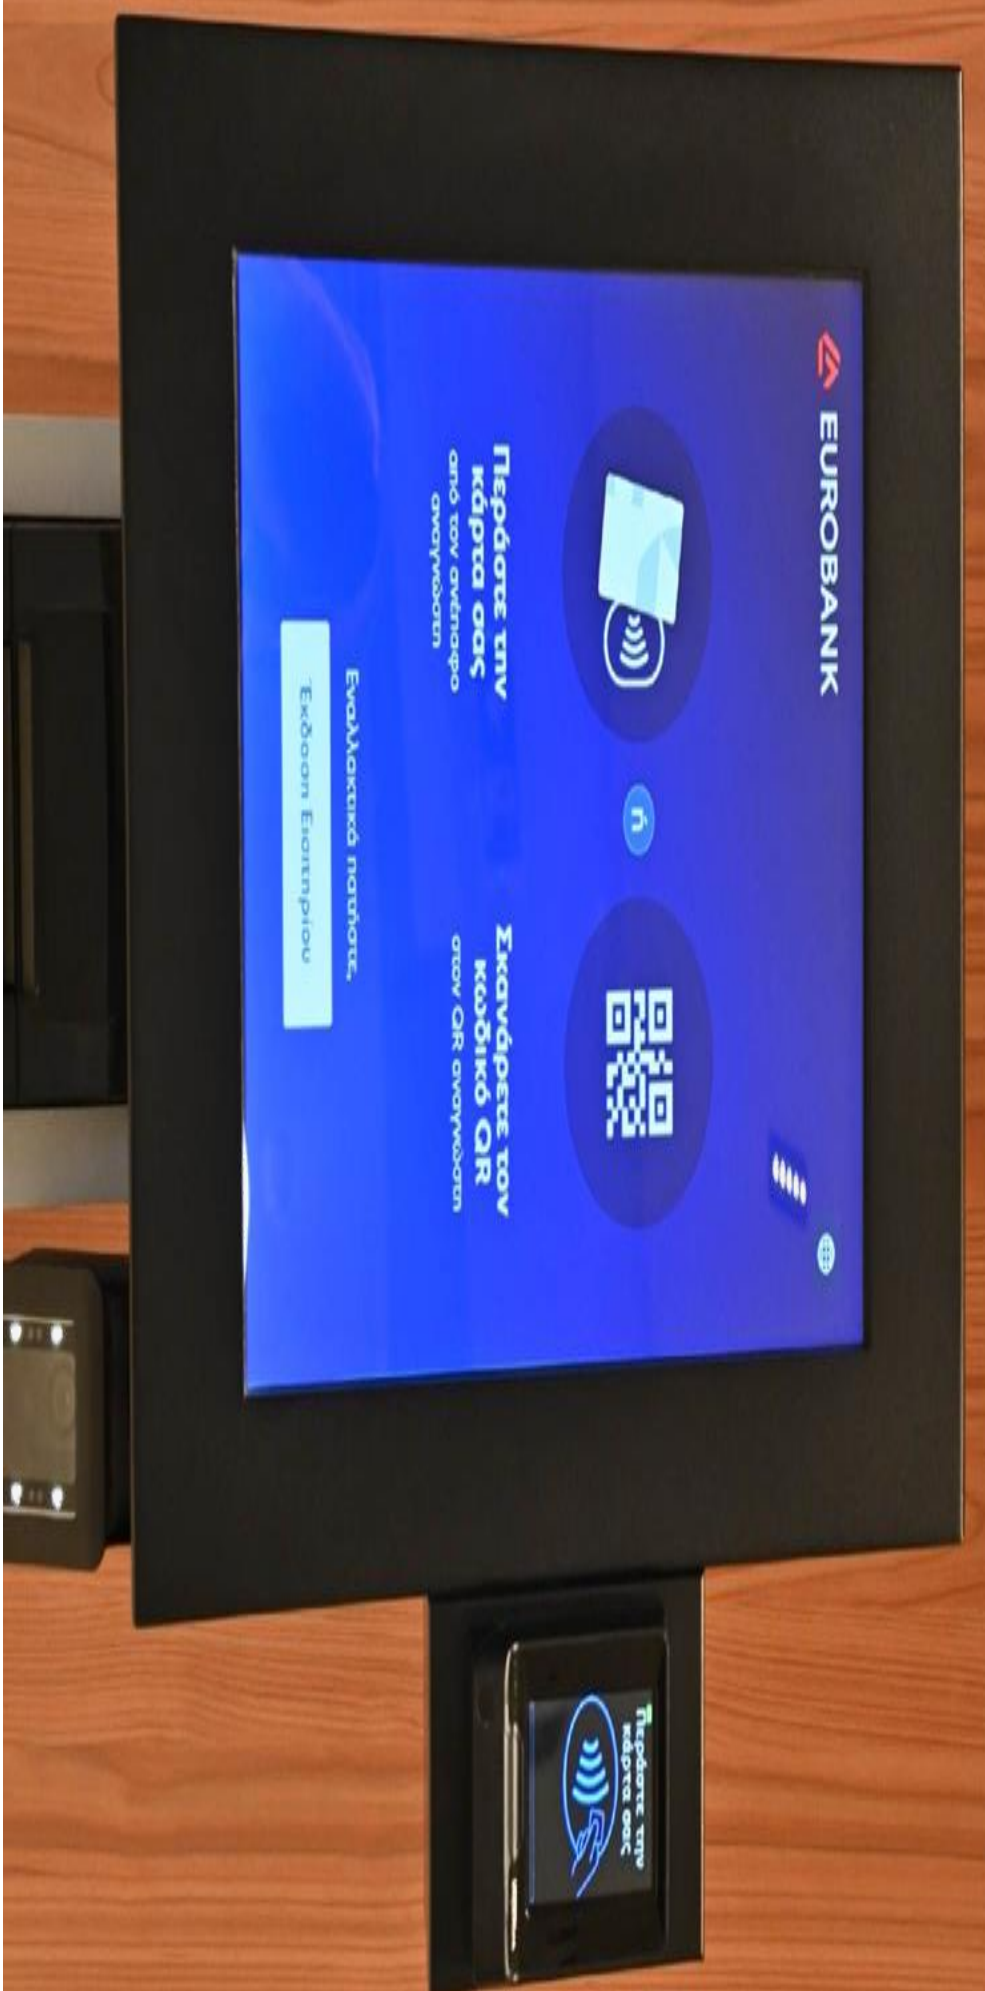

For customers to be served,  
they need to have a priority number.

They get the priority number  
from the priority system.

Customers may ask the employees at the reception for more information about the priority system.

I can also do that.

There is also a small screen on the wall of the reception area.  
The priority numbers appear on this screen.

Padel: Το άθλημα που έγινε μόδα

Οι μπάλες και οι υπολογισμοί των πόντων προσομοιάζουν στο τένις, ενώ η βασική διαφορά είναι ότι το γήπεδο περιβάλλεται από τοίχους. Οι μπάλες μπορούν να χτυπήσουν πάνω τους, όπως στο σκουός.

Customers go to the cashier to  
give and receive money.

There, customers can ask about loans, cancel their card or increase the cash withdrawal limit for their card.

At the bank, there is also a special area  
with sofas and computers.

Customers go there to talk to and ask for advice from the bank employees in case they want to invest their money.

I can also go there, if need be.

Sometimes, it might be crowded at the bank.

Some people are annoyed by the noise.

The crowd and the noise can  
be annoying to me, too.

I can go to the 1st floor if I want.

There are comfortable seats for me there.

I can leave if I want.

I can go to the bank on another day.

It's OK.

Oh! And don't forget.

Depending on what people want to do at the bank, they must have some documents with them.

For example, their ID card or a copy of their tax number.

Before they go to the bank, they should have with them the documents needed.

This is what I will do, too.
