Independent auditor's report To the Members of Chamia Enterprises Company Limited

Report on the financial statements

We have audited the accompanying financial statements of Chamia Enterprises Company Limited (the "Company"), which comprise the statement of financial position as at 31 December 2013, and the statement of profit or loss and other comprehensive income, changes in equity and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Board of Directors' responsibility for the financial statements

The Board of Directors is responsible for the preparation of financial statements that give a true and fair view in accordance with International Financial Reporting Standards as adopted by the European Union and the requirements of the Cyprus Companies Law, Cap. 113, and for such internal control as the Board of Directors determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Board of Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Share premium is not available for distribution.

Companies which do not distribute 70% of their profits after tax, as defined by the relevant tax law, within two years after the end of the relevant tax year, will be deemed to have distributed as dividends 70% of these profits. Special contribution for defence at 20% for the tax years 2012 and 2013 and 17% for 2014 and thereafter will be payable on such deemed dividends to the extent that the shareholders (companies and individuals) are Cyprus tax residents. The amount of deemed distribution is reduced by any actual dividends paid out of the profits of the relevant year at any time. This special contribution for defence is payable by the Company for the account of the shareholders.

CHAMIA ENTERPRISES COMPANY LIMITED

NOTES TO THE FINANCIAL STATEMENTS

Year ended 31 December 2013

1. Incorporation and principal activities

Country of incorporation

The Company Chamia Enterprises Company Limited (the "Company") was incorporated in Cyprus on 9 August 2011 as a private limited liability company under the Cyprus Companies Law, Cap. 113. Its registered office is at Panteli Katelari 16, Diagoras House, 7th floor, P.C 1097, Nicosia, Cyprus.

Principal activity

The principal activity of the Company, which is unchanged from last year, is the holding of investments.

2. Accounting policies

The principal accounting policies adopted in the preparation of these financial statements are set out below. These policies have been consistently applied to all years presented in these financial statements unless otherwise stated.

Basis of preparation

The financial statements have been prepared in accordance with International Financial Reporting Standards (IFRSs) as adopted by the European Union (EU) and the requirements of the Cyprus Companies Law, Cap.113. The financial statements have been prepared under the historical cost convention as modified by the revaluation of available-for-sale financial assets.

The preparation of financial statements in conformity with IFRSs requires the use of certain critical accounting estimates and requires Management to exercise its judgment in the process of applying the Company's accounting policies. It also requires the use of assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Although these estimates are based on Management's best knowledge of current events and actions, actual results may ultimately differ from those estimates.

Adoption of new and revised IFRSs

During the current year the Company adopted all the new and revised International Financial Reporting Standards (IFRS) that are relevant to its operations and are effective for accounting periods beginning on 1 January 2013. This adoption did not have a material effect on the accounting policies of the Company.

At the date of approval of these financial statements, standards and interpretations were issued by the International Accounting Standards Board which were not yet effective. Some of them were adopted by the European Union and others not yet. The Board of Directors expects that the adoption of these accounting standards in future periods will not have a material effect on the financial statements of the Company.

Finance income

Finance income includes interest income which is recognised based on an accrual basis.

Finance costs

Interest expense and other borrowing costs are charged to profit or loss as incurred.

Tax

Current tax liabilities and assets are measured at the amount expected to be paid to or recovered from the taxation authorities, using the tax rates and laws that have been enacted, or substantively enacted, by the reporting date.

CHAMIA ENTERPRISES COMPANY LIMITED

NOTES TO THE FINANCIAL STATEMENTS

Year ended 31 December 2013

2. Accounting policies (continued)

Dividends

Dividend distribution to the Company's shareholders is recognised in the Company's financial statements in the year in which they are approved by the Company's shareholders.

Financial instruments

Financial assets and financial liabilities are recognised in the Company's statement of financial position when the Company becomes a party to the contractual provisions of the instrument.

Investments

(1) Classification

The Company classifies its financial assets as available for-sale financial assets.

- Available-for-sale investments

Available-for-sale investments are non-derivatives that are either designated in this category or not classified in any of the other categories. They are included in non-current assets, unless management intends to dispose of the investment within twelve months of the reporting date.

(2) Recognition and measurement

Regular way purchases and sales of financial assets are recognised on trade-date which is the date on which the Company commits to purchase or sell the asset. Investments are initially recognised at fair value plus transaction costs for all financial assets not carried at fair value through profit or loss.

The fair values of quoted investments are based on current bid prices. If the market for a financial asset is not active (and for unlisted securities), the Company establishes fair value by using valuation techniques. These include the use of recent arm's length transactions, reference to other instruments that are substantially the same and discounted cash flow analysis, making maximum use of market inputs and relying as little as possible on entity specific inputs. Equity investments for which fair values cannot be measured reliably are recognised at cost less impairment.

The Company assesses at each reporting date whether there is objective evidence that a financial asset or a group of investments is impaired. In the case of equity securities classified as available for sale, a significant or prolonged decline in the fair value of the security below its cost is considered as an indicator that the securities are impaired. If any such evidence exists for available-for-sale investments the cumulative loss which is measured as the difference between the acquisition cost and the current fair value, less any impairment loss on that financial asset previously recognised in profit or loss, is removed from equity and recognised in profit or loss.

In respect of available for sale equity securities, impairment losses previously recognised in profit or loss are not reversed through profit or loss. Any increase in fair value subsequent to an impairment loss is recognised in other comprehensive income and accumulated under the heading of investments revaluation reserve. In respect of available for sale debt securities, impairment losses are subsequently reversed through profit or loss if an increase in the fair value of the investment can be objectively related to an event occurring after the recognition of the impairment loss.

Cash and cash equivalents

For the purpose of the statement of cash flows, cash and cash equivalents comprise cash at bank and bank overdrafts.

CHAMIA ENTERPRISES COMPANY LIMITED

NOTES TO THE FINANCIAL STATEMENTS

Year ended 31 December 2013

2. Accounting policies (continued)

Financial instruments (continued)

Receivables from shareholders

Receivables from shareholders are stated at their transacted value as they are on demand. Management believes that their fair value is not materially different from their transacted value.

Share capital

Ordinary shares are classified as equity. The difference between the fair value of the consideration received by the Company and the nominal value of the share capital being issued is taken to the share premium account.

3. Financial risk management

Financial risk factors

The Company is exposed to credit risk, liquidity risk and capital risk management arising from the financial instruments it holds. The risk management policies employed by the Company to manage these risks are discussed below:

3.1 Credit risk

Credit risk arises when a failure by counter parties to discharge their obligations could reduce the amount of future cash inflows from financial assets on hand at the reporting date. The Company has no significant concentration of credit risk. Cash balances are held with a financial institution with credit rating Caa2.

3.2 Liquidity risk

Liquidity risk is the risk that arises when the maturity of assets and liabilities does not match. An unmatched position potentially enhances profitability, but can also increase the risk of losses. The Company has procedures with the object of minimising such losses such as maintaining sufficient cash and other highly liquid current assets and by having available an adequate amount of committed credit facilities.

3.3 Capital risk management

The Company manages its capital to ensure that it will be able to continue as a going concern while maximising the return to shareholders through the optimisation of the debt and equity balance. The Company's overall strategy remains unchanged from last year.

Fair value estimation

The fair values of the Company's financial assets and liabilities approximate their carrying amounts at the reporting date.

Fair value measurements recognised in statement of financial position

The table below analyses financial instruments carried at fair value, by valuation method. The different levels have been defined as follows:

- Level 1 - quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 - inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 - inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The Company's available-for-sale investment has been classified as Level 1.

6. Tax (continued)

The tax on the Company's results before tax differs from the theoretical amount that would arise using the applicable tax rates as follows:

| | 2013 € | 2012 € |
|--|----------------|----------------|
| Loss before tax | <u>(7.992)</u> | <u>(7.430)</u> |
| Tax calculated at the applicable tax rates | (999) | (743) |
| Tax effect of expenses not deductible for tax purposes | - | 752 |
| Tax effect of tax losses carried forward | 999 | - |
| 10% additional charge | - | 1 |
| Tax charge | <u>-</u> | <u>10</u> |

The corporation tax rate is 12,5% (2012:10%).

Under certain conditions interest income may be subject to defence contribution at the rate of 30% (2012:15%). In such cases this interest will be exempt from corporation tax. In certain cases, dividends received from abroad may be subject to defence contribution at the rate of 20% for the tax years 2012 and 2013 and 17% for 2014 and thereafter (in 2011 the rate was 15% up to 30 August 2011 and 17% thereafter).

7. Available-for-sale investments

| | 2013 € | 2012 € |

| Balance at 31 December | <u>1.200.001</u> | <u>976.830</u> |

Available-for-sale financial assets, comprising principally marketable equity securities, are fair valued annually at the close of business on 31 December. For investments traded in active markets, fair value is determined by reference to Stock Exchange quoted bid prices.

Available-for-sale investments are classified as non-current assets, unless they are expected to be realised within twelve months from the reporting date or unless they will need to be sold to raise operating capital.

8. Receivables

14. General events

The negotiations of the Cyprus Government with the European Commission, the European Central Bank and the International Monetary Fund (the "Troika"), in order to obtain financial support, resulted in an agreement and decision of the Eurogroup on 25 March 2013 on the key elements necessary for a future macroeconomic adjustment programme which includes the provision of financial assistance to the Republic of Cyprus of up to €10 billion. The programme aims to address the exceptional economic challenges that Cyprus is facing, and to restore the viability of the financial sector, with a view to restoring sustainable economic growth and sound public finances in the coming years.

The Eurogroup decision on Cyprus includes plans for the restructuring of the financial sector and safeguards deposits below €100.000 in accordance with European Union legislation. In addition, the Cypriot authorities have reaffirmed their commitment to step up efforts in the areas of fiscal consolidation, structural reforms and privatizations.

On 12 April 2013 the Eurogroup welcomed the agreement that was reached between Cyprus and the Troika institutions regarding the macroeconomic adjustment programme for Cyprus. Subsequently all the necessary procedures for the formal approval of the Board of Directors of the European Stability Mechanism were completed, as well as the ratification by Eurozone member states. Following the completion of the above procedures, the first tranche of the financing of the Republic of Cyprus was released in line with the provisions of the Memorandum.

On 22 March 2013 legislation was enacted by the House of Representatives concerning restrictive measures in respect of transactions executed through the banking institutions operating in Cyprus. The extent and duration of the restrictive measures are decided by the Minister of Finance and the Governor of the Central Bank of Cyprus and were enforced on 28 March 2013. The temporary restrictive measures, with respect to banking and cash transactions include restrictions on cash withdrawals, the cashing of cheques and transfers of funds to other credit institutions in Cyprus and abroad. They also provide for the compulsory partial renewal of certain maturing deposits.

On 29 March 2013 the Central Bank of Cyprus issued decrees relating to Laiki Bank and Bank of Cyprus, implementing measures for these two banks under the Resolution of Credit and Other Institutions Law of 2013.

On the basis of the relevant decrees, Laiki Bank was placed into resolution. What remained in Laiki Bank were mainly the uninsured deposits and assets outside Cyprus. The assets of Laiki Bank in Cyprus, the insured deposits and the Eurosystem financing have been transferred to Bank of Cyprus, with compensation for the value of the net assets transferred, the issue of shares by Bank of Cyprus to Laiki Bank.

The recapitalization process for the Bank of Cyprus was completed in accordance with the relevant decrees of the Resolution Authority through "bail-in", that is through the partial conversion of uninsured deposits into shares. In addition, the holders of shares and debt instruments in Bank of Cyprus on 29 March 2013 have contributed to the recapitalization of Bank of Cyprus through the absorption of losses.

The Company had no cash held with the above banks, thus was not affected.

Following the positive outcome of the first and second quarterly reviews of Cyprus's economic programme by the European Commission, the European Central Bank and the International Monetary Fund during 2013, the Eurogroup endorsed the disbursement of the scheduled tranches of financial assistance to Cyprus.
