## PRESS RELEASE

### Eurobank | Best Bank in Greece for 7 consecutive years

**Eurobank** was named «**Best Bank in Greece**» for 2022, for the seventh (7) consecutive year (2016 - 2022) **by the internationally renowned Global Finance magazine.**

The awards recognize the coherent development strategy of the Bank, being firmly committed to sustainable entrepreneurship, providing to its customers support and innovative solutions, addressing their needs.

This year's award is of particular significance, coming at a time of successive crises that sharpen the challenges faced by the global financial industry. **The banks that have excelled are those that effectively stood by their customers under difficult market conditions, accomplished strong results while laying the foundations for future sustainable growth.** Responsible entrepreneurship, on the basis of internationally acknowledged standards, is a long-standing priority in Eurobank's business strategy. The company aims to constantly pioneer, effectively address complex challenges, combine technological innovation with its highly trained human resources in order to implement best sustainable practices.

**Global Finance**, each year chooses winners through **a multilevel assessment** taking into consideration objective criteria such as profitability, geographic reach, strategic relationships, new business development and product innovation. Opinions of industry participants, bankers, analysts and corporate representatives are also considered.

The new award confirms Eurobank's strong position in the Greek financial system and its constant focus on upgrading the products and services it provides.\_
