

PRESS RELEASE

Eurobank Factors receives global distinctions

Eurobank Factors, a 100% subsidiary of Eurobank, has been awarded as **The Best Company Worldwide in Export Factoring** and **3rd Best in Europe in International (Import - Export) Factoring**, for **2022**, in the context of the **FCI** evaluation process. These awards have been added to a series of similar distinctions the company has received in the past by the same institution, which places it among the companies with the **highest recognition in the FCI network**.

The awards were announced during the **55th Annual FCI International Conference**, held in Marrakech (Morocco, November 2023). Being consistently the first in factoring services in Greece, Eurobank Factors scored the best rating for Export Factoring, and was rated **Excellent**. The rating is based on qualitative and quantitative criteria, such as the quality of services provided, the number of votes received and the transaction volumes.

Eurobank Factors CEO, Mr. George Karagiannopoulos, said: *"Once again, Eurobank Factors has been awarded for its commitment to providing quality services to its clients and partners, especially those with an export orientation. As representatives of the Eurobank Group and our country, we are proud to achieve the highest international distinctions in the factoring industry."*

FCI is the largest and most representative global organization of the factoring industry with approximately **400 members** in more than **90 countries** and a 50 plus year presence in the international market._
