At Eurobank, Diversity, Equity & Inclusion are driven by our values, culture and way of doing business. We pledge to take conscious steps to break down any DE&I barriers, and we stand by the following commitments to realize this target:

- **Diversity and equity:** create a diverse and representative workforce for all our employees, free of discrimination, fostering talent, promoting transparent processes, striving for clarity and creating equal opportunities for all employees and candidates.
- **Inclusion and belonging:** further strengthen an inclusive culture and make people feel respected and valued as an individual or group and empower them to be their authentic selves and feel they belong.

- **Workforce well-being:** we are committed to create and maintain a safe, healthy and flexible work environment by strengthening initiatives targeted at employee well-being at organizational, team, and individual level, promoting flexibility into the way we work, and collaborating and providing benefits and support to employees with different needs.
- **External impact:** continue to make an impact that matters in our society by promoting education and excellence, creating employment opportunities, undertaking initiatives with social impact and fostering the sense of volunteering and giving back. We continue to amplify diverse voices and demonstrate our value of difference in our marketing and communications, while we work to provide banking products and services to our customers and clients without any form of unlawful or unethical discrimination and/or harassment.

Eurobank takes pride in its significant achievements to this end, as part of its legacy. It recognizes that it still has a way to go and that in order to create the fully inclusive working culture it aspires to, it will take a continuous team effort across our organization.
