## **Global Finance Announces Its 25th Annual Best Bank Awards And Names The Best Banks In Western Europe 2018**

NEW YORK, March 15, 2018 – *Global Finance* magazine has announced its 25th annual awards for the World's Best Banks. The honorees for Western Europe are presented here.

A full report on the selections will appear in the May issue of *Global Finance*, with winners chosen in nearly 150 countries across Africa, Asia-Pacific, Central & Eastern Europe, Latin America, the Middle East, North America and Western Europe. The May report will also feature selections for the Best US Regional Banks and the World's Best Banks by Region.

The overall Best Bank in the World will be announced in the summer and published in the October issue, along with the Best Global Banks in 14 key categories. The winners of this year's awards are those banks that attended carefully to their customers' needs in difficult markets and accomplished better results while laying the foundations for future success.

All selections were made by the editors of *Global Finance* after extensive consultations with corporate financial executives, bankers and banking consultants, and analysts throughout the world. In selecting these top banks, *Global Finance* considered factors that range from the quantitative objective to the informed subjective. In addition, a poll of *Global Finance's* corporate readership was conducted in order to increase the accuracy and reliability of the results.

Banks were invited to submit entries supporting their selection. Objective criteria considered included: growth in assets, profitability, geographic reach, strategic relationships, new business development and innovation in products. Subjective criteria included the opinions of equity analysts, credit rating analysts, banking consultants and others involved in the industry.

"At a time of unprecedented change in the financial services industry, *Global Finance's* annual Best Bank Awards continue to deliver a consistent evaluation of financial industry performance, whether in developing products to meet emerging financing needs or designing digital platforms that speed and enhance services," said Joseph D. Giarraputo, publisher and editorial director of *Global Finance*. "The winners are world-class leaders, responding adeptly to shifting political winds, new technologies and changing market conditions."
