I. Time Deposits**GENERAL INFORMATION**

- The yield on time deposits is gross and annualised calculated on the basis of a 360 or 365 day year depending on the currency.
- Interest earned on time deposits is subject to tax at a rate of 15%.
- If the interest payment date coincides with a non-business day, interest will be credited on the next business day.
- Early redemption: Redeeming all or part of the deposit early entails loss of an amount which cannot exceed the total accrued interest up to the date of early redemption, calculated as follows:
 - a) "Time Deposit for All" / "Time Deposit for All «live simple»" / "Time Deposit for All «live with Επιστροφι»" / "Time Deposit «Travel»: Amount redeemed early x 2% x days remaining to maturity / 360 days.
 - b) "Flexible Time Deposit" / "Going Up Plus" Time Deposits / "18 month" Time Deposit / "Start" / "For Your Benefit" / "Life & Health" Time Deposits / "Euro Cash Back" (Epistrofi) Time Deposit / Pension Time Deposit / "Every Day" Time Deposit: Depending on the product, interest from the start of the interest period during which early redemption takes place up to and including redemption or interest for X number of first interest periods and in the case where redemption occurs mid-period, interest from the start of the deposit until redemption.
 - c) The "Add Deduct" Time Deposit does not have an early redemption penalty. The "Add Deduct" Time Deposit can be partially redeemed early for sums of € 5.000 or over.
- Early partial or total redemption of FX-denominated time deposits entails loss of an amount which cannot exceed the total accrued interest up to the date of early redemption (amount redeemed early x % of FX-denominated time deposit x days remaining to maturity / 360 or 365 depending on the currency).

1. Eurobank Network Time Deposits**1.1. «Collateral» Time Deposit**

Interest rate: The Euribor rate applicable to the same period the time deposit covers applies to the Collateral time deposit. For example, if the time deposit is for 3 months, the Euribor 3M rate on the date the time deposit is opened applies. Current interest rates for Collateral time deposits are notified to customers in-branch when customers submit a request to branch officers.
