Credit Transfers (Remittances)
GENERAL INFORMATION
Basic Terms Explanation

- **Basic Credit Transfer (BCT)** means any transfer of funds between customer accounts at the Bank and accounts at other banks in Greece or abroad, without any special instructions being given to the Bank.
- Based on **SEPA specifications** BCTs are considered to be credit transfers that meet the following conditions:
 1. The instruction currency and the originator and beneficiary's accounts are in Euro.
 2. The originator and beneficiary's accounts are in IBAN format.
 3. Expenses are marked "SHA".
 4. There are no special instructions for the Bank.
 5. The originator and beneficiary's banks operate in countries which participate in SEPA.
- A credit transfer is finalised as a SEPA transfer when the instruction is executed. Eurobank sends instructions via SEPA provided the specifications are met and, provided the beneficiary's bank participates in SEPA, otherwise Eurobank sends the instructions using an alternative channel.
- **BIC** (Business Identifier Code): an international standardised code that uniquely identifies the Bank anywhere in the world. It is essential to use it to identify the beneficiary's bank.
- **IBAN** (International Bank Account Number): a bank account number which has a fixed number of characters in each country (up to 34), including numbers or capital letters from the Latin alphabet. IBANs in Greece have 27 characters.
- **SHA charges**: the originator pays the originating bank's charges and the beneficiary pays the paying bank's charges. Additional expenses of intermediate banks may be charged to the beneficiary in accordance with the applicable rules. This is the recommended charging method for Basic Credit Transfers.
- **BEN charges**: This is similar to the SHA option except that the originator does not pay charges, all of which are withheld from the amount remitted to the beneficiary. BEN is only available for instructions to non-EEA countries or where the instruction currency is not an EEA country currency.
- **OUR charges**: The originator pays the Eurobank commission and the paying bank's commission.
- **The European Economic Area (EEA)** consists of the following countries:
 - **EU countries**: Austria, Belgium Bulgaria, France, Germany, Cyprus, Denmark, Greece, Estonia, Ireland, Spain, Italy, Croatia, Latvia, Lithuania, Luxembourg, Malta, Finland, the Netherlands, Hungary, Poland, Portugal, Romania, Slovenia, Slovakia, Sweden and the Czech Republic.
 - **The following countries also participate in SEPA**: the UK, Norway, Iceland, Lichtenstein, Switzerland, Monaco, San Marino, Principality of Andorra and Vatican City.
 - **Areas where EU law applies**: Martinique, Guadeloupe, French Guiana, Réunion Island, Gibraltar, the Azores, Madeira, the Canary Islands, the Åland Islands, Mayotte, Saint Barthélemy, Saint Martin, Saint Pierre and Miquelon.
- **IRIS Payments Service** is a modern way of transferring funds either to another Bank (Piraeus Bank, Alpha Bank, National Bank of Greece, Optima Bank, Cooperative Bank of Epirus L.T.D.) or as an internal transfer via Mobile App by using the mobile phone number 24 hours a day, 7 days a week. The money is credited to the beneficiary's account and is immediately available free of charge.
- **IRIS Payments Business Service** is a modern way of transferring funds from customers (Greece) without use of IBAN by crediting the company's professional account using the mobile phone number or by informing the consumer of the VAT number or with its QR code 24 hours a day, 7 days a week.

Transaction terms

- Commission is collected in advance and there is no scope for it being returned under any circumstances, irrespective of the outcome of the instruction.

- Incoming BCTs are credited to the beneficiary's account after the relevant cover is received.
- Incoming instructions to pay credit cards are credited free of charge. Instructions must state the card number and name of the card holder as beneficiary.

- Any customers of the Bank in relation to whom the applicable commission charges have been determined by means of a Service Agreement are subject to special charges.

-fees for each type of order are paid per estimate, per property-independent property.

-the order of each estimate concerns the same type of real estate - independent properties, (eg residence, shop).

-the fees for Technical Inspection work apply to real estate - independent properties located "**within the zone**".

-for orders in real estate - independent properties located "outside the zone", the fees will amount to: fee "**within the zone**" plus (+) 100 €".

The real estates of "**outside the zone**" are defined as follows:

1. For all the Prefectures of the Greek territory, the limit of the "within the zone" area is defined as the 30 km driving distance from the capital.
2. For the Prefectures of Magnesia, Halkidiki, Evritania, Grevena, Ioannina, Laconia and Rethymnon, as "out of zone" areas have been defined those that are within a driving distance > of 20 km from the respective capitals.
3. For the Prefectures of Attica and Thessaloniki, the "out of zone" distinction does not apply (ie the whole prefecture is considered an area "within the zone").

Real Estate in Islands

-for real estates which are located on islands with the possibility of return of the appraiser on the same day the fees will amount to: fee "out of zone plus (+) 140 €".

-for real estates which are located on islands where return on the same day is impossible (eg due to limited availability of means of transport to and from the island, but also due to the time required to complete the relevant work on the island) or in those with high seasonality, the fees of orders will require the special agreement between the parties.

-the maximum price per real estate - independent property is set at: 8,000 €.

-for multiple real estates in the same location / building the fees are determined as follows:

- 100% of the following technical inspection fees will be paid for the first horizontal / vertical property
- 50% of the following technical inspection fees will be paid for the second horizontal / vertical property on the same plot or in a second building of the same owner
- 25% of the following technical inspection fees will be paid for each of the other horizontal / vertical properties on the same plot or in the remaining buildings of the same owner.

2. Funding: further Costs and Expenses for Third Parties

- The table below includes the fees for each type and the valuation mandate.
- The following fees are paid per estimate per property - independent property.
- The mandate of each valuation must relate to the same type of property - independent property, e.g. home, shop.
- The following fees apply to property-independent "in-zone" properties. For property - independent "off-zone" property, the fees will be: "In-Zone" plus plus (+) € 100. Out of zone as below:
 1. For all the Prefectures of the Greek territory, the limit of the "in-zone" area is defined as 30 km of driving distance from the capital.
 2. For the prefectures of Magnesia, Chalkidiki, Evrytania, Grevena, Ioannina, Laconia and Rethymnon, the "off-zone" area has 20 km of their capitals in absolute driving distance.
 3. For the prefectures of Attica and Thessaloniki, there is no "out-of-area" area (ie the whole prefecture is considered as an "in-zone" area).
 4. For properties located on islands with the possibility of returning the valuator on the same day, the fees will be: "off-zone" plus plus (+) € 140.
 5. For real estate fees on islands where return on the same day is impossible (eg because this is not reasonably possible due to the availability of the means of transport to and from the island, but also because of the time it takes for the completion of relevant work on the island) or those with high seasonality will require a specific agreement between the parties.
- Maximum pay per property-independent property: € 9,000.
- For multiple properties in the same location / building: 100% of the following fees will be paid for the first horizontal / vertical property, 50% of the following fees will be paid for the second horizontal / vertical property on the same plot or second building of the same owner and 25% of the following fees will be paid for each of the other horizontal / vertical properties on the same plot or the remaining buildings of the same owner.
